

Welcome Students and Parents to
ThinkCentral.com

Welcome to Think Central, a website that provides a multitude of resources to support our school's math curriculum. The Think Central website will give students access to textbooks, interactive educational activities, extra practice, and skilled-based games.

To access Think Central, go to - <https://www-k6.thinkcentral.com/ePC/start.do>

Use the dropdown boxes to select your state, district (Ridgefield Park) and school. Provide your username and password and click **Log In**.

Your username and password has been provided to you by your school's technology teacher. If you have questions, or do not know your username or password, please contact the technology teacher at your school.

Once you are in the system, you simply click on My Library to access your resources. Included in the resources are instructional videos, guided activities, independent practice problems, and quizzes.

We thank you for your continued support!
